### NOTICE OF OPEN HOUSE AND PUBLIC HEARING FOR PROPOSED THOROUGHFARE PLAN AMENDMENT

#### Background

The Harris County Major Thoroughfare and Freeway Plan (MTFP) was adopted in 2024 for the Unincorporated areas of the county. Currently, a Major Thoroughfare amendment has been proposed as part of single-family subdivision in a recently disannexed area in the northwest portion of Harris County.

#### Purpose of Notice

The Harris County Commissioners Court will hold a public hearing and recommendation meeting to receive public input regarding proposed amendments to the 2024 Major Thoroughfare and Freeway Plan (MTFP). The Commissioners Court will consider a request submitted by META Planning & Design-LP. to downgrade Kitzman road from a Collector Street to a local street as part of the Azalea Trails Development (**Figure 1**). Kitzman Road will remain a local street instead of a Collector Street as shown on the MTFP. You are receiving this notice because your property is located within 500 feet of this proposed change.

#### Proposed Amendment Details

Remove the proposed future east-west collector extension of Kitzman Road from the Harris County Major Thoroughfare and Freeway Plan. This amendment pertains only to the future collector designation shown in the MTFP; Kitzman Road will remain a functioning local street and continue to serve surrounding properties, including Dyess Park.
